Career Objective

Motivated and enthusiastic second-year B.Tech student specializing in Artificial Intelligence and Machine Learning, seeking to leverage technical knowledge, hands-on project experience, and strong problem-solving skills to contribute to innovative AI-driven solutions.

Education

Bachelor of Technology (B.Tech)
Artificial Intelligence and Machine Learning
Pranveer Singh Institute of Technology, Bhauti, Kanpur
Second Year (Graduation: 2027)

Skills

- Programming Languages: Python, Java
- Technologies: Artificial Intelligence (AI), Data Structures and Algorithms (DSA), AWS
- Problem-Solving & Creative Thinking
- Computer Ethics

Certifications

- Basics of Python – Onwingspan (Sept 2024)
- AI Fundamentals – IBM SkillsBuild
- AWS Cloud Practitioner Essentials – AWS (March 2025)

Projects

VoteBuddy – Personalized Voting Guide

- Developed a civic engagement platform designed to educate and guide voters.
- Features voter registration reminders, candidate information, and a personalized voting plan generator.
- Built with a focus on accessibility, user-friendliness, and scalability for large user bases.

Experience

AI Project Developer

- Independently developed a feature-rich AI assistant with real-world use cases.
- Applied AI/ML concepts in project development, improving understanding of natural language processing and API integration.

Hobbies & Interests

- Exploring AI and emerging technologies
- Building Python projects and experimenting with voice assistants
- Participating in coding challenges on HackerRank and LeetCode
